MEET OUR CHAPTER LEADERSHIP

To Our Potential Chapter Patrons,

On behalf of the IIDA Northern Pacific Chapter Board and members at large, we thank you for your continued support of our award-winning Chapter. Our success has come from the dedicated efforts of many individuals who believe that IIDA is the best way bring professional development, networking, educational and philanthropic opportunities to our design community. Our Chapter executes nearly 50 events across Washington & Idaho and beyond, with most of the funding for those events coming from our Chapter Patrons. We simply could not do it without you!

We genuinely thank our returning Chapter Patrons for their continued support and appreciate the value you bring to our Chapter through not only monetary donation, but also the many hours your employees volunteer their time on our committees. For those companies who are considering supporting the Chapter, there is no doubt in our minds that you'll find immense value in our programming, events, and networking and business development opportunities with our nearly 500 members in Seattle, Spokane and Boise.

A few years ago the Chapter developed a new way to approach Industry sponsorship which allowed our Patrons to gain additional exposure at events and programs beyond the perks of free tickets and publicity. This year we continue your ability to earmark funds for the events, awards and programs that you want to support. We have five Patron levels that vary by contribution amount and benefits, so that companies have many choices when deciding how to support IIDA NPC. In this packet, you will find an introduction to our offerings for 2018. Our hope being that this package can be a reference to you for specific events and items you might want to earmark throughout the year, as well as contact information for our board members who are available to answer any questions you might have throughout the year.

We sincerely appreciate your support and look forward to the year ahead. We are here to assist you our 2018 Patron and we will ensure it's the best year yet!

IIDA NORTHERN PACIFIC ANNUAL EVENTS

CHAPTER SIGNATURE EVENTS

Seattle & Spokane RISE

Spring & Fall

RISE, It's a new design day. RISE, an inspirational breakfast keynote featuring the insights of nationally recognized thought leaders from within and beyond the design industry, was launched in 2015 in both Seattle and Spokane to great success. This early morning event includes a coffee/networking hour, the keynote presentation and Q&A discussion.

Seattle & Boise TOAST!

June & August

Pop a cork and help celebrate a year of accomplishments with the IIDA Board, its Members, volunteers and supporters. This gathering honors past and future IIDA Presidents and graciously thanks those who dedicate their time and talent to serving as IIDA Board Members and Volunteers. This Board meeting is like no other as there is plenty of food and festivity to last the entire year!

INawards

October

This signature awards event is truly a "red carpet" affair and our most popular event of the year! A celebration of design excellence and the multi-faceted profession of interior design, this juried design competition is held at Benaroya Hall. Design firms from the entire Pacific Northwest Chapter are encouraged to submit their best work that is evaluated, judged and awarded by internationally recognized professionals from a variety of design disciplines. This annual gala is complete with a seated awards presentation followed by a cocktail reception.

CITY CENTER EVENTS

ZeroLandfill

Seattle, Inland Northwest, & Boise

Fall & Spring

ZeroLandfill is part of an award winning upcycling program and is also the largest public outreach event we do in all three city centers. The design community donates expired specification samples to be re-purposed by artists, educators and crafters instead of heading to the landfill. With each passing year, we continue to be amazed at the incredible stories we hear of giving back and creativity inspired by this event.

REVEAL

Inland Northwest

October

Reveal introduces the latest products and innovative ideas to the Inland Northwest region's community of interior designers, architects, design students, facility managers, end users and other essential industry members. It is the ONLY event of its kind in the region, filled with CEU's student events, product exhibitions, and a networking after-party.

ADVOCACY EVENTS

Amplify

Inland Northwest, Boise, & Seattle

"It must be so fun to play with fabric all day!" Every interior designer has heard countless aggravating comments such as this, yet many struggle to respond effectively. Amplify is an annual event that focuses and expands advocacy efforts throughout the interior design community. This year, we will focus on every day conversational advocacy: how do we convey professionalism and value while gently educating people about what we really offer as designers? The event will include networking, a brief presentation and a hands-on workshop.

CAMPUS CENTER EVENTS

Product Showcase

Winter

An evening event where Puget Sound Campus Center students are introduced to some of the products they may encounter as they enter the professional workforce. Set up like a mini Reveal, multiple reps show their product and have the opportunity to speak to the students about what they do. The goal for this event is to help students understand more about how they can work with a rep, and what specifying is all about.

Portfolio Workshop

Winter

An evening event where Inland Northwest and Puget Sound Campus Center students have the opportunity to meet with design professionals and review their student portfolios. The goal is to provide students with support while they prepare to enter the real world of design! Students are provided with opportunities for one-on-one dialogue and interaction with practicing designers, supportive portfolio review, along with useful industry insight and conversation.

DesignX3

Fall/Spring

This daytime event where Inland Northwest students from the multiple campuses meet twice a year in Spokane to tour three types of spaces; a dealership or showroom, a firm and a newly finished project. Because of the geographic distance between the campuses is so far, this event aims to pack an afternoon full of industry insight with tours, Q&A sessions, and product education.
